3123-DD ISOLIERFÜLLER 2K

3123-WHI

3123-DD ISOLIERFÜLLER 2K

3123-BLA

GENERAL : 3123-WHI Filler Substrate
More environmentally friendly, 2K
polyurethane spray filler with reduced
solvent, high fill.

Filled with excellent flow, good friction, high
resistance to temperature changes and
good adhesion to various substrates.

Especially its speed of drying and easy
processing and sanding should be
highlighted.

D22-0001-DD ACRYL SICHTLACK MATT

D22-0001-DD ACRYL SICHTLACK MATT- 2K

D22-0001

GENERAL : Acrylic Furniture Varnish is a quick-
drying, non-yellowing product Furniture varnish
with good richness and excellent Abrasion
resistance. He shows good mechanical and
chemical

Resistance capabilities with high hardness and
visco elasticity.

D21-0001-DD ACRYL SICHTLACK STUMPFMATT ~10gloss

GENERAL : Acrylic Furniture Varnish is a quick-
drying, non-yellowing product Furniture varnish
with good richness and excellent Abrasion
resistance. He shows good mechanical and
chemical

Resistance capabilities with high hardness and
visco elasticity.

D20-NANO-ACRYLLACK NANONATURMATT

D20-NANO-ACRYLLACK NANONATURMATT 2K ~5gloss

D20-NANO

GENERAL : It dries quickly Polyurethane paint system.
The paint films are special Clarity and smoothness to the
touch, non-yellowing and additionally with Equipped with
light protection. This means they protect you at the
same time Substrate from premature yellowing. Through
the use of The coated surface shows extreme
nanoparticles Hardness and scratch resistance. The
surface is easy to clean and shows excellent resistance
to chemical Stress. This type of paint is for the open-
pored to Closed-pore surface treatment suitable. ~5gloss

D12-0000 ACRYL STAMMLACK-2K ~20

D12-0000 ACRYL STAMMLACK-2K ~20gloss

D12-0000 /

GENERAL : This is the latest generation of pigmented polyurethane coating systems. The coating films offer excellent coverage and outstanding resistance to chemical and mechanical stress. A clear coat is usually unnecessary. Suitable for open-pored to closed-pore surfaces.

D50-0000 FÜLLGRUND ACRYL 2K

D50-0000 FÜLLGRUND ACRYL 2K

D50-0000 f

GENERAL : Filler Primer is a fast-drying, non-yellowing spray primer with very high coverage and excellent flow properties. It is particularly suitable for semi-open to closed pores. Its good sandability is a particularly noteworthy feature.
